Title: Gender Equity & Sensitization

No. 27/2, 33rd Cross, 2nd Main Rd, 7th Block, Jayanagar, Bengaluru, Karnataka 560082

Gender Equity & Sensitization

Gender equity is the process of being fair to women and men. To ensure fairness, strategies and measures must often be available to compensate for women's historical and social disadvantages that prevent women and men from otherwise operating on a level playing field.

It involves understanding and challenging the existing gender roles, stereotypes, and biases that are prevalent in society. Gender sensitization aims to create a more equal and just society where individuals are not discriminated against based on their gender.

Gender equity, also known as equality in education, denotes the equal possibilities that men and women have in terms of advancements in the social, cultural, political, and economic spheres.

City College always tries to bring in activities which will co-ordination among the students and ensures that there is differentiation among men and women in the campus.

Online Grievance Rederssal

We implemented online grievance redressal system as per NAAC norms in our campus. To resolve the grievances by students, employee and parents, we have created separate platform for grievance redressal i.e email.

The email address is: studentgrievance@citycollege.ac.in

Every 15 days the principal addresses the grievances received in the mail. The complete administration of grievance is handled by the college principal. Within few days the grievances were resolved, hence no grievance found in the campus.

All the issues were resolved with the help of this mail id.

Women and Child Safety Awareness Camp

Date: 29/2/2024

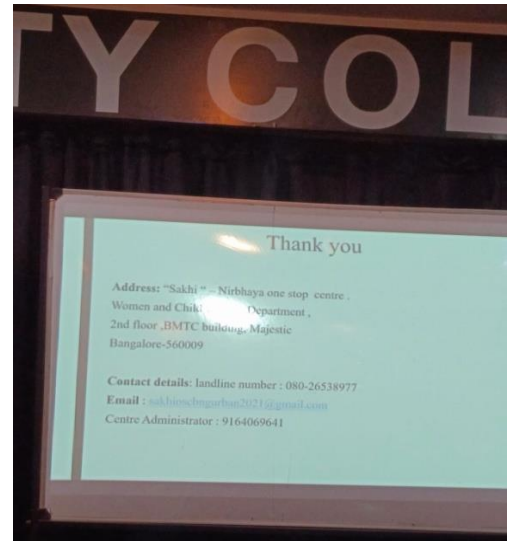

Venue : Seminar Hall

Time : 11:30 to 12:45pm

City College has arranged a women and child safety awareness camp for the students of MBA on 29/2/2024 at 11am in seminar hall. This camp was associated with NIRBHAYA KENDRA – SAKHI ONE STOP CENTER. The main motive of this camp was to provide awareness of the Indian Laws concerned with women and child safety.

The women face umpteen problems in their life. The women are left abandoned because they are harshly stigmatized by society and many more reasons that could ever be imagined. Once they are brought in mainstream and given an opportunity, they would also get a chance to prove their capabilities. Women and children are the elixirs of society, but unfortunately, they have suffered for ages, and they still are. Being extremely vulnerable to violence, exploitation, and abuse, they are required to be protected with the utmost care.
